TECHNICAL DATA SHEET

FLOREY® Milled Steel Fiber

Milled Steel Fiber

Fiber for Concrete and Mortar Reinforcement

Supplier: Luoyang Florey Import and Export Co., Ltd.

Website: www.floreyconcrete.com

Product Description

Milled steel fibers have high tensile strength, good toughness and dispersibility, and good adhesion to concrete.

Applications

Used as a reinforcing fiber in concrete or mortar. Confirm suitability for the intended mix and application.

Product Specification

Item	Specification
Milling type / Length	32-38 mm
Milling type / Diameter	0.7±0.2 mm
Milling type / Tensile strength	≥700 MPa
Customized milling type / Length	32 mm
Customized milling type / Diameter	0.7±0.2 mm
Customized milling type / Tensile strength	≥700 MPa

Guidelines for Use

Select the fiber dimensions, dosage and mixing procedure for the intended concrete or mortar. Confirm dispersion and workability through trial mixing.
